Hello Regal Ridge Residents!

We will reset the "resident" codes in the call box at the Ranger station/front gate-**effective today, Monday, January 15th.** This is a code that is **used by residents**, to gain entrance into the community at the front gate. (Only used by those residents who do NOT have a clicker)

The new RESIDENT code for REGAL RIDGE residents is: 5284

This is only to be used by residents w/out clicker.

These codes will be reset on/about every 6 months to ensure they are not used improperly. You will receive an email as a resident with code, when applicable.

If you need purchasing a "clicker" -they are available at the Administration office for $25, cash or check only.

Do not reply to this email. Please send questions regarding this communication to Samantha Jewell at sjewell.pmdeercreek@artemislifestyles.com
